Subject: Bighorn Country Proposal

Date: \_\_\_\_\_

Attention: Bev Yee  
Deputy Minister, Alberta Environment and Parks

CC: Rachel Notley, Premier of Alberta  
Shannon Phillips, Minister, Alberta Environment and Parks.

I am writing you to state my opposition to the "Bighorn Country Proposal", which includes converting many of our current Public Land Use Zones in the Bighorn into Parks, and the formation of a massive new Public Land Use Zone that extends to Drayton Valley, Rocky Mountain House and south to Sunde.

This proposal is being rushed ahead, and prior to, completion of the formal regional planning for this area. (North Saskatchewan Regional Plan). This proposal does not support the majority feedback from the Regional Advisory Committee public survey, nor does it provide enough time or information to validate that input from affected Stakeholders, Public, Industry, and First Nations is being incorporated.

Based on the actions of this Government previously in Castle, Livingstone and Porcupine Hills PLUZ, supporting a proposal that will determine what activities and where, how, and when they will be accessed and enjoyed after implementation - is completely unacceptable.

As an Albertan directly affected by this proposal, I oppose this proposal in its entirety and request it be withdrawn, and this Government return its priority to completing the North Saskatchewan Regional Plan - incorporating the recommendations, majority public input and feedback already received.

Sincerely,
